

Enablers and barriers

ACTIVITY

Instructions:

Stop and reflect on the enablers and barriers to quality improvement in your practice.

Using the template overpage, document your practice specific:

- Enablers of quality improvement - those things that will help you embed (or strengthen) a culture of excellence and a quality improvement approach?
- Challenges or barriers to embedding a culture of excellence and quality improvement approach in your practice?

When completed, stop and reflect:

- What could you or your practice team do to overcome or reduce your identified barriers?
- What could you or your practice team do to strengthen those enablers?

Again, document your thoughts in the template.

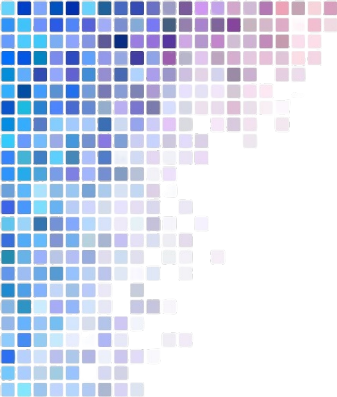

Enter your name:

Enablers and barriers

ACTIVITY

Enablers	Strengthening strategies
Barriers	Mitigation strategies

Enablers and barriers

ACTIVITY

Now consider and document:

- Who should you share your thoughts and ideas with?
- What actions could you or others take to strengthen your enablers or reduce your barriers to quality improvement?

Finally,

- Document your first step - what are you going to do with these insights?

Who I'll share this with	Actions we could take
My first step	<i>I commit to....</i>
